Project Design Phase-II
Data Flow Diagram & User Stories

Date	22.09.2026
Team ID	SWTID-2026-7438
Project Name	AI FAQ Assistant
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example: DFD Level 0 (Industry Standard)

Example: AI FAQ Assistant – User Question to FAQ Answer Flow

DFD Level 0: User → AI FAQ Assistant → FAQ Knowledge Base → Relevant Answer → User

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile/Web user)	Registration	USN-1	As a user, I can register for the AI FAQ Assistant using my email and password.	I can access my account / dashboard	High	Sprint-1

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
	Login	USN-2	As a user, I can log into the AI FAQ Assistant using email and password.	I can access the FAQ assistant	High	Sprint-1
